J. S. STANIFER

FOR THE MAN WHO CARES

\$15,000 For Chicken House

At Kentucky State Fair

(By Associated Press)

Frankfort, Ky., Mar. 23.—Kentucky chicken fanciers need not fear for the lives of their prize when they are shown at the Kentucky State Fair, if Gov. Morrow approves the "Chicken House Bill," passed by the General Assembly, according to Mrs. Christy Park, Secretary of the State Agriculture Commission. The bill provides \$15,000 for the erection of a poultry house at the fair. Quarters used for showing chickens at the fair the last year were badly crowded and poorly ventilated and as a result many valuable fowls died, according to Mrs. Park. This caused Commissioner Hanna to take steps to get a building

erected along proper lines for the next fair, she said.

QUIT TOBACCO

So Easy To Drop Cigarette, Cigar or Chewing Habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

TEXAS' BIRD HAVEN HAS RARE SPECIES

(By Associated Press)

Brownsville, Texas, Mar. 23.—Texas bird sanctuaries, set aside by the last legislature in Cameron and Kleberg counties, bid fair to become world renowned among naturalists inasmuch as one species that exists in no other part of the United States and several species that are very rare, have been found there.

J. Gilbert Pearson, president of the National Association of Audubon Societies, visited the sanctuaries recently. The "bird cities" are located on Green Island, on North and South Bird Island and on the Three Islands—all small bodies of land in the Laguna Madre.

Among the birds that seek refuge on these islands are blue bills, teal, mallards, red heads and canvas backs. The wild birds, according to Mr. Pearson, apparently realize they are safe on their reservation, for they remain unruffled and unfrightened by visitors or noises that otherwise would frighten them.

Game birds not found elsewhere in the United States live in this section. The islands are distant from human habitation and rarely are visited by hunters. There are no predatory animals on the islands to destroy the eggs.

Green Island at high tide has no more than 12 acres of ground and 30 to 40 acres at low tide. It is about 30 miles south of Corpus Christi and North and South Bird Islands are a little further south.

There is a large number of royal tern and laughing gulls on Green Island and a colony of brown pelicans on South Bird Island, according to visitors. Other birds on South Island include Ward's heron, Reddish egret, Louisiana heron and Great Tail grackle.

On North Bird Island, Mr. Pearson found white pelicans, a bird he said the Audubon Society wants to conserve, and several varieties of falcons, which he said were found no place else in the United States. The chadcalaca, resembling a chicken and a member of the pheasant family, is another bird found on the reservation.

The islands are leased to the National Association of Audubon Societies for the purpose of protecting and conserving the birds.

Harrodsburg's New Postmistress

Washington, Mar. 22—Sue C. Beardsley was nominated today by President Harding to be postmaster at Harrodsburg. As she was recommended by Senator Richard P. Ernst, there is no doubt as to her confirmation.

Miss Ruth Hocker, of Danville, was with friends here for the week end.

STAR MILK PRODUCERS GO ON AUCTION BLOCK

(By Associated Press)

Philadelphia, March 20.—Sons and daughters of some of the world's champion pure bred milk cows, will parade before the auctioneer here today in the Bretonwood National Sale and Show. A number of state blue ribbon holders are also carded to go under the hammer and the eyes of the dairying industry in the United States will be focused on the prices obtained for a significant reason.

If the prices are good, dairy-men will claim it will place the stamp of approval upon the effort to introduce the pure bred into all the dairies of the country, while if the prices are disappointing, the same men admit it will mean that their efforts to improve the industry along these lines will have received a decided setback.

From the Pacific Coast comes a son and daughter of the world's champion milk producer. Segis Pietertje Prospect, whose record of 37,000 lbs. of milk in one year is one of the wonders of the dairying industry. Leading Canada's offering at the sale will be the son of the world's champion butter producer of all ages and breeds, Bella Pontiac, producer of 1,587 pounds of butter in one year. Canada also Echo Sylvia, the only cow in the world to produce 1,000 lbs. of milk in 7 days, yielding 41 pounds of butter.

There will be a number of cows who have produced, under official test, up to 36 pounds of butter in seven days and up to 1,200 lbs. of butter in one year. Then there will also be a number of sons and daughters of cows with lesser yet enviable records, made under official tests.

At the show valuable prizes will be awarded the grand champion cow and the runners-up to

her. The show and sale will last four days and 200 head of the best breeding stock of the Holstein dairy cattle will go under the hammer. These cattle come from nineteen states and Canada and sixty-five of the leading establishments will be represented by the animals.

According to the records of the United States Department of Agriculture there are approximately 24,000,000 head of dairy cattle in this country, of which only 916,000 are pure bred. Of these 60 per cent are Holsteins, records the average dairy cow yields 160 lbs. of butter fat and about 4,000 lbs. of milk a year.

In more than a thousand tests under official supervision of breeds average more than 500 lbs. of butter fat and 12,000 lbs. of milk, according to the records of America.

Leaders in the movement insist that the only way improvement in the milk and fat production can be worked is through infusion of pure blood upon native stock.

What You Never Hear

Collector—We made a mistake in your gas bill last month; there will be no charge this month and here's 75 cents rebate.

Ballplayer—You are right, Mr. Empire. I was out a mile.

Servant—I'll stay five years, mum, at \$10 a month.

Judge—You are discharged. I believe your story that it was brought into the state for medicinal use.

USED BY MILLIONS BULGARIAN BLOOD TEA

PHONE TWENTY-EIGHT

TRY ME ON BUILDING MATERIALS

COULD NOT TURN IN BED

Operation Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache."

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. I am ready to do anything I can to help your medicine."—Mrs. HENRIETTA MILLER, 137 Sprague St., Dayton, Ohio.

If you have any doubt write to Mrs. Miller and get her story direct.

night with Mrs. Robert Scarborough and Mr. Armp Flora as leaders, the subject being "Following Jesus."

Miss Bernice Tudor has returned to her duties at the Normal after a several days' visit to her parents, Mr. and Mrs. J. L. Tudor.

Miss Estelle Moore visited Miss Amanda Burrus Sunday.

Rev. G. C. Stocker filled his appointment here Sunday and with a good attendance.

Richmond has been selected the place for the April meeting of the Central Kentucky commercial organizations.

Commissioner's Sale

Mary C. Johnson, &c, Plaintiffs On Petition

Pursuant to judgment and order of sale entered by the Madison Circuit Court in the above styled action, at its February term, 1922, the undersigned Commissioner will expose to public sale to the highest and best bidder, at the Court House door in Richmond, Ky., at the hour of 11 o'clock a. m., on

Monday, April 3, 1922

the same being a regular county court day, the following described property:

A certain lot of land in the city of Berea, Ky., on the north side of Chestnut street, and adjoining the W. H. Bower lot, and bounded as follows: Beginning at a point 250 feet north of Chestnut street, the same being the northeast corner of the W. H. Bower lot, running thence with Bower's line N 88 1-2 W 110 feet, to the northeast corner of the Bower lot in Mrs. Lou Hanson's line; thence N 1 1-2 E with the Hanson line 150 feet to a stake, thence S 88 1-2 E 110 feet, to a stake in the line of Lester heirs property; thence S 1 1-2 W with the Lester line 150 feet to the beginning point.

Terms: Said lot of land will be sold on a credit of six months, the purchaser being required to execute sale bonds with approved security, payable to the Commissioner, and bearing six per cent interest from day of sale, until paid with a lien retained on the lot sold until said bond and interest are fully paid.

R. B. TERRILL, Master Com. M. C. C.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3 1/2 "	22.50	11.65	48%
30 x 3 1/2 Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4 1/2 "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car-owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—

WOODS & WHITE
RICHMOND, KY.

Endurance Test of Pee Gee Mastic Paint

This house—one of the finest in Toledo—was painted several years ago with Pee Gee Mastic Paint.

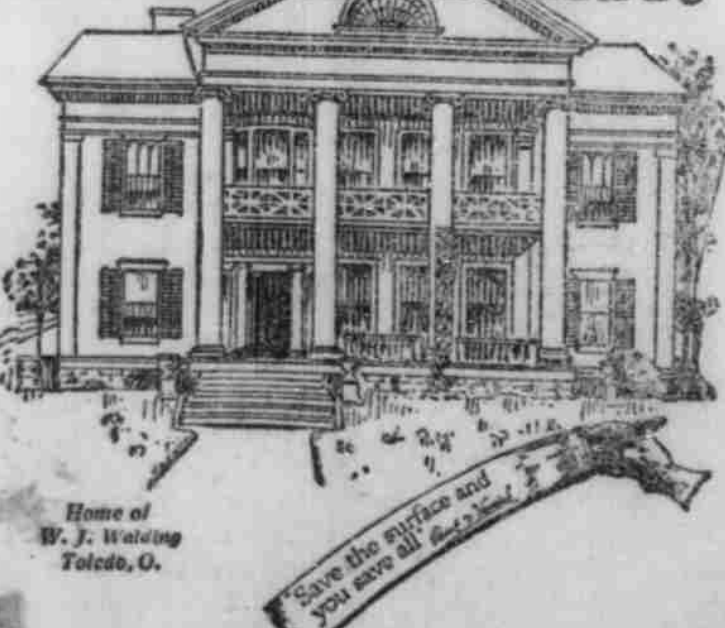

Instead of repainting it, the owner had it washed at two different times. The results surprised even the experienced painters, as the paint stood this rigid test perfectly.

Only a paint that produces a tile-like film, such as Pee Gee Mastic Paint, can be successfully washed.

This exceptional durability of Pee Gee Mastic Paint is the result of purest and highest grade materials. A full 50% of Zinc ground in genuine Linseed Oil and White Lead goes into the making of Pee Gee Mastic Paint.

It is the most economical paint for you to use on account of its great covering capacity and long years of service.

For every surface that needs protection specify
